

# ENHANCE YOUR GUEST EXPERIENCE.

## MAKE YOUR LOCATION EV READY.

### TURNKEY ELECTRIC VEHICLE CHARGING SOLUTION

Electric vehicles are on the rise. Demand for EV charging stations has been at an all time high. Attract and accommodate high-value EV-driving guests while showing your commitment to sustainability.

EvGateway offers a range of Siemens AC EV charging solutions for your location and needs.

#### Boost Guest Satisfaction.

Improve guest satisfaction by providing the convenience of easy-to-use EV charging. The EvGateway mobile application combined with Siemens AC chargers makes charging hassle-free for your customers.

#### Increase Revenue Stream.

Let guests charge their vehicle while they stay and enjoy your other amenities. Easily view usage, track revenue, and view your chargers from the web portal.

#### Here for You.

We're with you on every step of your EV charging journey. From site assessment, charger installation and maintenance, to 24/7 support for you and your guests.

#### Turn-Key Service.

Our services will give you the ability to install Siemens EV Charging Infrastructure without the headache of managing, operating and maintaining the stations for years.
